If no one can be reached, we will perform whatever services the doctor deems necessary to relieve discomfort or resolve a serious medical condition and you will be responsible for the charges.

Consent for Cardiopulmonary Resuscitation

Should my pet _____, based on the medical judgement of a Dodd Animal Hospital veterinarian, require cardiopulmonary resuscitation (CPR), including cardiac compression, defibrillation, possible pressure respiration, emergency drugs, or other heroic interventions, I **request or decline** that the doctors at Dodd Animal Hospital pursue such medical care as indicated below

A. _____ INITIALS REQUEST CPR

I understand that there is no guarantee that my pet will respond to CPR. I also understand that even the most successful CPR that restores my pet's life may not allow for my pet to regain his/her normal mental and/or physical health. Having requested such emergency procedures, I agree to be held financially responsible for any additional charges associated with the life savings measures taken by Dodd Animal Hospital staff. Regardless of my pet's survival, I agree to pay any incurred fees in addition to the other fees already identified by the practice and agreed upon by me.

I agree that if Dodd Animal Hospital staff is unable to reach me within 15 minutes after the initiation of CPR procedures, and after exercising reasonable medical judgment, a veterinarian determines that there appears to be virtually no hope for medical success, the further CPR procedures will cease.

OR

B. _____ INITIALS DECLINE CPR

I understand that if my pet stops breathing and/or their heart stops beating, that my pet will die unless CPR is performed. I agree to the above terms and release and request that NO CPR be performed on my pet.

Aggressive Pet Notice

For the safety of clinic staff, reasonable precaution will be taken when handling pets that have been deemed as aggressive. Further, an Aggressive Pet Fee will be charged for each day of boarding.

Special Instructions or Comments

I understand and agree that any incurred boarding and/or medical expenses will be the responsibility of the owner and must be paid for at the time of pickup.
